What members say

Video of testimonials

“The asset management industry operates in an increasingly regulated environment. It is therefore necessary [...] to have a strong and representative voice when engaging with regulators and lawmakers. And in ALFI, we have an industry body with [global reach that offers an outstanding platform.](#)”

Maximilian Guenzl, Jupiter Asset Management International

“A key fact that our firm got out of being a member of ALFI is representation on its board and working groups. We leave all sort of competitive interest out of the door and we work together in relation to the promotion of the Luxembourg finance industry. It’s a [tremendous ecosystem](#), a wealth of knowledge and as a firm, we are very happy to continue to be a member of ALFI and contribute activities into all the working groups.”

John Griffin, formerly J.P. Morgan Asset Management (Europe)

“The new concept for the venue was quite interesting. We also appreciated panel discussions, high-level speakers invited, tackling gender diversity issues. We’ve learnt a lot during the two days of the event, notably about how Luxembourg is highly engaged in [sustainable finance.](#)”

Antonios Nezeritis, Wildgen

“ALFI is not only to be among other enterprises, but also to be with [like-minded people that have the same goal](#) of getting the fund industry forward. ALFI is where you can have your company work together with the others and also to have your own company grow alongside your peers.”

Karol Maziukiewicz, Peakside Capital

“We joined ALFI in 2012, and being new to Luxembourg, it was quite important for us to [get to know our community](#) and contribute to it. We were impressed at the level of sophistication being displayed by the association. So far, the influence that ALFI has had on the way people interact and do business together has been of great help to us.”

Ali Ziai, Orbis Investments

“Having recently moved to Luxembourg, I joined ALFI in 2018 and one of the benefits of being a member is to contribute, debate and [shape strategic topics](#) that are pivotal for the development of our industry. I was also very happy to attend ALFI conferences as a speaker which I thoroughly enjoyed.”

Micaela Forelli, M&G International Investments
