(for more details see ALFI Articles of Association, Chapter 2 Members Art. 7 - Eligibility)

There are three main categories that may become members of ALFI:

- 1) **Full members** that are divided in 2 categories:
 - a) **Member Funds**: Undertakings for Collective Investment and other investment vehicles, domiciled in Luxembourg,

- 3) **Individuals** (i.e. physical persons) provided that comply with conditions defined under the Article 7 - Eligibility.

II. Methods of contribution

The contributions are fixed both by ALFI membership during the General Meetings and by ALFI Articles of Association (see *Chapter 8 Article 19 - Annual contributions*).

According to the 2025 General Meeting, the annual contribution structure for 2026 is as follows:

- a **variable** contribution for **Member Funds** with a maximum of 130 000.- Euros by a single initiator and a minimum of 675.- Euros and a maximum of 56 000.- Euros per fund (see *III. Methodology of calculation*);

- a **fixed** contribution for **Providers of Services**, with a maximum set up at 20 000.- Euros. The calculation of the contribution is based on the number of staff employed by the Provider of Services:

▪ <=10 employees	3 500.-	Euros
▪ 11 à 25 employees	4 500.-	Euros
▪ 26 à 50 employees	5 500.-	Euros
▪ 51 à 100 employees	6 500.-	Euros
▪ 101 à 200 employees	7 000.-	Euros
▪ 201 à 500 employees	8 000.-	Euros
▪ 501 à 750 employees	10 000.-	Euros
▪ 751 à 1000 employees	15 000.-	Euros
▪ >1000 employees	20 000.-	Euros

- a fixed contribution for **Associate Members**: 3 500.- Euros.
- a fixed contribution for **Individuals**: 475.- Euros.

III. Methodology of calculation applied to Member Funds for the 2026 contribution following decisions taken by the 2025 General Meeting.

For all Member Funds, a variable contribution is applied and calculates as follows:

60.- Euros per NAV - tranche of 25 million Euros as at 31 December 2025.
and 30.- Euros per fund / sub-fund (in case of an umbrella fund).

with a minimum of 675.- Euros and a maximum of 56 000.- Euros per fund.

NB :

- Please note that each initiated tranche of 25 million Euros under management is owed. Consequently, the total number of tranches will be rounded up to the nearest integer figure.
- In accordance with ALFI Articles, all parameters (assets under management and sub-funds) refer to 31/12/N-1

Example of calculation

A fund "X" with 4 sub-funds and net assets of 100 million Euros as at 31 December 2025. The contribution 2026 will amount to:

1st Stage: Calculation following the basic formula

$(4 \text{ sub-funds} * 30.- \text{ Euros} = 120.- \text{ Euros}) + (100\,000\,000 / 25\,000\,000 = 4 \text{ tranches à } 60.- \text{ Euros} = 240.- \text{ Euros})$
= 360.- Euros (theoretical amount)

2nd Stage: Check if the rules of minimum (675.- Euros) or of maximum (56 000.- Euros) should be applied:

As the theoretical amount is below the minimum fixed by the General meeting, the minimum of 675.- Euros will apply. The contribution for 2026 year will therefore amount to 675.- euros.

If the theoretical amount would have been above 56 000.- Euros, the contribution would be 56 000.- Euros, otherwise the contribution for 2026 would be the theoretical amount.

3rd Stage: Check whether the rules of eligibility criteria for a same initiator is respected and if the rule of maximum per initiator (130 000.- Euros) should be applied:

Member Funds must comply with the eligibility criteria set up in Article 7 of the Articles of association, and for that purpose, the registration ratio as defined in Article 1 of ALFI's internal rules of procedure will apply.

IV. Voting rights

Each Member, except Associate Members, receives the right to vote at the ALFI General Meeting as follows:

1 euro <=> 1 vote.
